

SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XVII.

STANFORD, KY. TUESDAY, SEPTEMBER 3, 1889.

NO. 58

MATRIMONIAL MATTERS.

—Mr. Henry E. Thompson, editor of the Paducah News, will be married Sept. 4th to Miss Blanche Leftwick, of Memphis.

—The county clerk of Pulaski has issued 329 marriage licenses since January 17 and has opened a new book. The old one shows Abraham Lincoln Jasper's name on the first page and Abraham Lincoln Strunks' on the last.—Reporter.

—Garnett D. Thompson, son of Hon. Phil B. Thompson, and Miss Lizzie Young, of Nicholasville, eloped to Lexington a few days ago and were married. Mr. Thompson is a very bright and popular young man, while his bride is a very lovely young lady both in character and appearance and has many friends here, made during her visits to Miss Lucy Tate.

DEATH'S DOINGS.

—Robert Chesney, an aged citizen of Wayne, died last week.

—Wm. H. Grainger, father of Mrs. Sam M. Wilhite, and a prominent Louisville business man, is dead.

—Mr. J. F. Ferrell, who was for a while agent at Rowland, died last week at Paris, Texas, of typhoid fever.

—Mrs. Julia Jackson Christian, only child of Stonewall Jackson, died Friday at Charlotte, N. C., where her husband is the editor of a democratic paper. The remains were taken to Lexington, Va., to be interred by those of her illustrious father.

—Mrs. W. A. Coffey died at her home near McKinney Saturday of consumption, leaving besides a loving husband three children to suffer her loss. She was a devout member of the Baptist church and died in the triumph of the faith. Rev. Mr. Ward preached the funeral sermon at McKinney Sunday to a large crowd of friends, who joined with the husband in the great sorrow that had come upon him.

CHURCH AFFAIRS.

—Rev. R. R. Noel reports 30 conversions and baptisms for the month of August.

—Elder G. W. Yancey closed a meeting at Ruddle's Mill, in Bourbon, with 45 additions.

—It was all a mistake about the date of the Kentucky Conference being changed. It will meet at Paris Sept. 11, as first announced.

—Rev. Percy G. Elsom has resigned his pastorate at Quitman, Ga., and will enter the Theological Seminary at Louisville again.

—All Owen county is torn up over the trial of Rev. John Waldrop, a prominent Baptist preacher, who is charged by Miss Charity Childers with being the father of the child recently born to her.

—Bro. Barnes does not seem to be appreciated in the southern part of the State. The newspapers state that he lectures to small crowds which respond most negligently to the call for money at the close.

—As the Predestinarian Baptist Association will be held at Walnut Flat on the 3d Sunday, Rev. R. H. Caldwell will not fill his regular appointment, but will preach at that church on next Friday and Saturday nights and Sunday morning instead.

—The British and Foreign Bible Society reports that the sacred Scriptures were last year translated into six fresh languages. The number of tongues in which this society now publishes the Bible is thus increased to 300. Fifty years ago it was published in 150 tongues. The society distributed 4,206,000 volumes during the year.

—Constable Kirby shot and killed Jno. Groves at Berea because he refused to pay the costs in a law suit. Groves was known as a blustering, quarrelsome fellow, but was not considered dangerous and was unarmed when shot. He leaves a wife and several children in needy circumstances.

—A difficulty took place in Jones' saloon at Jellico between Sid Davis, deputy clerk of the Whitley county court, and D. Y. Lawson, a school teacher, also of Whitley county, in which Davis was shot in the abdomen and is thought to be mortally wounded. He had called Lawson a d—n lying son-of-a-b—h—s.

—A letter in the official envelope of the United States Post-office Department received at Reidsville, N. C., notifying a colored citizen of that place of his appointment as a route agent in the mail service, had to be forwarded to the State penitentiary where the new appointee is serving a term of three years for a burglary committed after filing his application. If he were in for only a year or so the place might be kept open for him, but unless an arrangement can be made with the State to let him out, perhaps a new appointment should be made.—Chicago Herald.

—Figures tell the story. On August 1, 1888, under Cleveland, the public debt statement showed a decrease of \$4,137,299; on August 1, 1889, under Harrison, it showed an increase of \$1,317,312. Turn the scales out.—St. Louis Republic.

LANCASTER, GARRARD COUNTY.

—Wm. Totten went on duty at John W. Miller's distillery yesterday. This is first republican storekeeper in this county who has begun work under the Harrison Administration.

—The Lancaster and Crab Orchard Turnpike Company elected the old board of directors last Saturday. Joe Weisiger was elected to fill the vacancy made by the death of John S. Gill.

—Circuit court adjourned last Friday night. The lawyers remained up until very late watching each other. Judge Morrow knows how to keep an orderly court and how to keep things going and he does it.

—The Best will case was tried again this term of the court and the will again sustained by the jury. This makes 24 men who have under oath declared that Best had brain enough to distribute that which the same brain had accumulated. The local option law seems to have a poor showing here. A jury of this court fined Dan West \$75 for selling whisky, 12 men agreeing he was guilty. During the same court one lawyer upset it all and now Dan is a free man without any fine assessed against him. Technicalities create mobs and a contempt for the courts.

—Mr. James Phillips and wife, of Nashville, Tenn., have been here for several days on a visit to their son-in-law and daughter, Mr. T. J. B. Turner and wife, at the Holmes House. Mr. Phillips is a prominent coal merchant at Nashville. He passed through here a number of years ago, but was rather hurried on that trip as the "yanks" were hot after him, he having been in the battle of Perryville. He is a companionable man and a splendid gentleman. Mrs. Maggie Salter, of Arkansas is visiting relatives here. Judge M. H. Owsley will move to Somerset in a few days. He intends to make that good and growing city his future home.

MT. VERNON, ROCKCASTLE COUNTY.

—Four prisoners in jail.

—Circuit Court began here Monday.

—George Fredricks has bought Pat Welsh's grocery.

—Mrs. William Stewart died last week of cancerous troubles.

—A little four-year-old son of Jap McCall died of cramp last week.

—W. M. Weber, formerly of this place, is building a large hotel at Middlesboro.

—Frank McHargue, of Pine Hill, has returned from Washington, Tenn., in bad health.

—William McGraw is in jail here in default of \$1,000 bail charged with the murder of Tom Collins, who was found dead two weeks since in the southern part of this county.

—J. W. Brown and E. B. Smith have purchased the Signal and will add new presses, type, &c. The first issue will appear about the 13th. Mr. Cress will probably establish a paper at London.

—Mrs. Bell Wiggs, of Boyle, is visiting this place. J. W. Nesbitt and wife are at Milwood. Richard Welsh took a trip to Cincinnati last week. W. H. Spradlin and wife, of Birmingham, Ala., were here during last week. Miss Mattie Williams left Monday for an extended visit to Carthage and Chicago, Ill.

—The Steele Bros. had their horse, Prohibition, in a trotting entry at Lexington, but of course nothing by that name could win a race.

—It is estimated that the American wheat crop is 500,000,000 bushels, or 80,000,000 more than last year. The crop in the old world is 12,000,000 bushels short.

—A barge loaded with 2,000 bushels of new wheat, belonging to E. N. Berryman & Co., of Versailles, was sunk in the Kentucky river, near Clifton, last week; loss \$1,400.

—The Nashville Banner says that Mr. John M. Bass figures the number of Spanish and other jacks imported to Nashville since 1882 at 600. They have been sold mostly in Davidson and Sumner counties and foot up a business of some \$720,000.

—If a million bushels of wheat were loaded on freight cars, 500 bushels to the car, it would fill a train 15 miles long; if transported by wagons the line would be 142 miles long. And yet we consume and export more than 400,000,000 bushels of wheat annually.

—The wine product of California this year is now put at 12,000,000 gallons, instead of 20,000,000, the early estimate of this year's vintage. The reduction is partly due to sunburn and mildew, but more largely to the fact that wine grapes representing 2,000,000 gallons have been diverted to the production of raisins, while 4,000,000 more will be manufactured into brandy.

—The Ohio Agricultural Experiment Station indicates that the injuries of the disease known as potato rot or blight may be prevented by spraying the vines with a solution of sulphate of copper and lime. The experiment was conducted by the station botanist upon four varieties of potatoes and the result indicated an increase of 62 bushels to the acre on the treated as compared with untreated rows.

The Laurel Fair, as Seen by the I. J. Man.

The fourth annual fair given by the Laurel County Fair Association, will go into history and be memorable for years to come as being a most pleasant and profitable one. In the first place, the show of stock surpassed any former efforts and the crowds which daily attended flooded the place to overflowing, and secondly, everything had been carefully arranged to make the work of each day go off with that business like manner that a clock notes the time by its tick. President Farris, Secretary Evans and the other officers deserve unlimited credit and notwithstanding they are somewhat aloof from the Fair district of Kentucky, they are thoroughly up to the times and know as well how to make their fair a success as the next crop of fair men, it matters not who they be.

I had wished and really intended to take in the London Fair from beginning to end, but business, and of course a business manager always has business, prevented and I had to content myself with one day—Friday. The last day is always the largest and I got to see the biggest crowd and the best show, even if I did come in at the last hour. The morning was spent in showing colts, brood mares, combined horses, &c., but the evening was given to races, when running, trotting and pacing were indulged in and altogether the programme was of as great a variety of good sport as even a Harrodsburg man could wish. In the principal trotting race Dr. Foster won, that good old democrat and splendid gentleman, George T. Farris, second and Lincoln county John Bastin, driving a Lincoln county horse, third. The running race was easily won by Mr. Jones, of this county, while the pacing premium was taken in by Mr. McWhorter, also of this county.

Decidedly the most interesting ring to me was the "Ladies riding ring" in which gracefulness was particularly considered. There were six as pretty contestants as ever graced a fair ring or sided a Kentucky saddle. Never in my life did I so wish that there was some way that each of the dear creatures could leave the ring with the coveted blue ribbon dangling at their horses' heads and it was one time I felt like shouting, Heaven reward the dear ones with something more substantial than a blue ribbon testimonial for treating the old stags, myself included, to a scene where beauty and grace played such a conspicuous and delightful part.

Fair week in Kentucky evidently means a week of gaiety and it is a queer town indeed that does not afford merriment for the young folks each evening of it. London was not unlike the rest and hops, parties and festivals took up each night, making the last week of summer a veritable gala one for London society people. On Friday Miss Jackson delightfully entertained her large circle of friends, all of whom enjoyed to the fullest extent the hospitality of that elegant young lady.

The traveling public and in fact all who have stopped with Capt. Frank Riley, at the Jackson House, will regret to learn that that gentleman will soon retire from the hotel business. He has built a handsome residence and will move thither in a few weeks and live a more private life and probably study for the ministry or take up some other good calling.

Messrs. Charles R. Brock and M. T. Young rendered me deeply under obligations to them for introducing me around and speaking a good word for the I. J. Man. Both of them are at liberty to draw on this office for any favor they may desire. E. C. W.

Medical Properties of Vegetables.

The following information may be useful to some at this season of the year, if not new to many.

Spinach has a direct effect upon the kidneys.

The common dandelion, used as greens, is excellent for the same trouble. Asparagus purges the blood. Celery acts admirably upon the nervous system and is a cure for rheumatism and neuralgia.

Tomatoes act upon the liver.

Beets and turnips are excellent appetizers.

Lettuce and cucumbers are cooling in their effects upon the system.

Onions, garlic, leeks, olives and shallots all of which are similar, possess medicinal virtues of a marked character, stimulating the circulatory system and the consequent increase of the saliva and the gastric juice promoting digestion.

Red onions are an excellent diuretic, and the white ones are recommended to be eaten raw as a remedy for insomnia. They are a tonic and nutritious.

A soup made from onions is regarded by the French as an excellent restorative in debility of the digestive organs.—Scientific American.

You Cannot Afford

At this season of the year to be without a good reliable diarrhoea balm in the house, as cramps, colic, diarrhoea and all inflammation of the stomach and bowels are exceedingly dangerous if not attended to at once. One bottle of Beggs' Diarrhoea Balm will do more good in cases of the kind than any other medicine on earth. We guarantee it. A. R. Penny Druggist.

LONDON, LAUREL COUNTY.

—School commenced at Laurel Seminary Monday.

—Rev. R. C. Medaris preached at the court-house Saturday night and Rev. S. K. Ramey occupied the pulpit at the Methodist church Sunday night.

—Circuit Court commenced in Bourbonville Monday. There are several murder cases to be tried there this term.

—Matt Steele was shot and dangerously wounded Saturday evening by Tom Province. The difficulty occurred over a settlement. They lived about five miles northeast of London. Mr. Province is a farmer and Mr. Steele runs a saw-mill.

—Charles Gumbest, butcher, lost a fine beef Monday night. He shot it, but as the animal got away he supposed he had missed it and was somewhat surprised when he found him dead in the road about half a mile from his house Tuesday morning.

—It has been reported by parties passing through here that more trouble is expected in Perry between A. L. Draughan and posse, who are located at Hindman, Knott county, and Hays, French & Co., who are rendezvoused at the mouth of Bull's Fork, Perry county, about 18 miles distant.

—A two-year-old child of Mr. D. A. Loville fell through the seats at the fair Thursday and was considerably stunned at first, but soon recovered. Mr. G. W. Calbert was knocked down by a horse Friday and slightly bruised. Dick Harbin was run over by one of the show horses in the pony ring Thursday which rendered him unable for duty for several days.

—The Laurel County Fair, held here last week, was well attended, better than ever before, there being about 3,000 people on the grounds the last day. The farm exhibits showed considerable improvement over last year and the stock show was also much better, there being a great deal more stock exhibited this year and all the adjoining counties were well represented, and premiums were awarded to parties from Clay, Knox, Pulaski, Rockcastle and Jackson counties. The stockholders seem to be well pleased with the way the fair was conducted this year and have doubtless made money out of it, but the directors have been considerably censured for allowing gambling tables and other gambling devices on the grounds. Little boys could frequently be seen betting on them. The parties who kept these tables were arrested after the fair was over and held in bonds for their appearance here at circuit court, the fair directors being their bondsmen. At one time while these gambling tables were in full blast and money was changing hands on the horse races, it did seem a little inappropriate when the band played "Nearer My God to Thee," but I don't suppose the band boys thought of what was going on when they made the selection. This gambling business will be thoroughly investigated by the next grand jury.

CRAB ORCHARD.

—The first session of Crab Orchard College will begin September 24, 1889. The services of a competent assistant have been secured. We respectfully solicit the patronage of the people of Lincoln county. Having had twenty years' experience in teaching we claim to have learned some of the secrets of imparting instruction. We will earnestly endeavor that neither the time of the pupil nor the money of the patron shall be spent in vain. T. H. Stephenson. 2t

—W. H. Childers, of Kentucky, was elected Chaplain of the G. A. R.

—A deposit of asphalt has been discovered near Cloverport. It covers a large area and is 13 feet thick. It is just below the surface and can be mined at very small cost. A comparison of it with the asphalt discovered in California and used on the streets of San Francisco shows the two to be almost identical in quality.

—S. L. Perry, who claims that he took 7,000 negroes from North Carolina to Indiana in 1880 and voted them for the republicans, went to Washington recently to get his reward. A chief of a division offered him the position of boot black and carriage driver for his family, which so incensed him that he gave the snap away.

—J. T. Jones, a well-to-do farmer has mysteriously disappeared. Ten days ago he came from Nicholasville, had a check cashed at Danville and left for his home in Garrard county. He was with a stranger in a road wagon and was recognized by a Miss Green, on Dix River, late the evening he left Danville. He is supposed to have had on his person when he left Danville between \$700 and \$1,000.

The Pride of Woman.

A clear, healthy and transparent skin is always a sign of pure blood, and all persons troubled with dark, greasy, yellow or blotched skin can rest assured that their blood is out of order. A few doses of Beggs' Blood Purifier & Blood Maker will remove the cause and the skin will become clear and transparent. Try it, and if satisfaction is not given it will cost you nothing. It is fully warranted. A. R. Penny, Druggist.

W. P. WALTON.

Affairs are not altogether lovely in the Mahone camp, notwithstanding the National Committee patched up a truce which was signed by all parties. John Wise still has many followers who do not take kindly to the little boss and there is no telling what the erratic Riddleberger will do. Ex-Congressman Yost, of Staunton, seems to have kicked out of the traces, too, for he says in his paper, the Valley Virginian, a very influential sheet: "We will not support Mahone for governor. The body that nominated him was not a republican convention, representing the sentiment of the State. It was Gen. Mahone's caucus acting under orders and in accordance with the programme prescribed by the general." The best men of the State, who have heretofore acted with the republican party, will not support Mahone, whose election every decent man would deplore, since it would bring to the front the worst element of society and be a step very far towards negro supremacy.

The news comes from Washington that Tanner has decided to oust Gen. Buell from the Pension Agency at Louisville at once to make room for a republican. The three prominent applicants are Gen. W. J. Landrum, of Lancaster, Judge Vincent Boring, of London, and Dr. C. J. Walton, of Munfordsville. It is claimed in some quarters that Gen. Landrum's chances were either destroyed or materially injured by the appointment of Col. Collier, as it is not likely that the president would agree to give two such important offices to the same town, but you can't always tell about these matters. Col. Bradley is backing him and that seems to mean a great deal. On the other hand Judge Boring is confident of success, while Dr. Walton is exceedingly hopeful. Three cleverer or worthier aspirants for the same office are seldom found, and no matter which gets it, the honor will be well bestowed.

Mr. JAMES B. MARTIN, of Barren, candidate for Clerk of the Court of Appeals, made a most favorable impression on our people. He is a born gentleman, of modest and taking manners and makes friends wherever he goes. A higher testimonial to his ability, worth and popularity could not be added than is given in the fact that he has for three successive terms been elected circuit clerk of his county without opposition. This 18 years of experience has fully equipped him for the office he seeks and if elected he will fill it most acceptably. In the 3d, 4th and 11th districts he is very strong and is certain of adding to his strength everywhere he goes.

Dr. HAMMOND, the well-known physician and surgeon, contributes a long article to the North American in which he argues that science will yet discover a fountain of youth. The Brown-Sequard elixir is a step in that direction, though it may not be the thing. On the other hand Dr. David Yandell contends in an article in the Courier-Journal that the whole effort is a delusion and a snare; that it is against nature and that when age robs a man of his faculties they are gone to stay. Thus do the doctors differ. Meanwhile we shall live in hope that Dr. Hammond is right and die in despair only when we cannot help it.

JUDGE FULLIAM, the murderer, who wanted the alleged despoiler of his home to pay him \$5,000 and call the matter square, failing to procure which he shot him dead in his own office, decided after sleeping on the matter that 15 years were about as little as he could expect for a crime so unnatural and withdrew his notice of appeal. He was taken immediately to Frankfort and will try his hand on working the governors for a pardon as each new one makes his appearance.

The two colored editors, who lit out from Selma, Ala., after printing the most incendiary articles to stir up strife between the races, were not hung at all, though perhaps they ought to have been. They are now in Washington telling terrible tales into the willing ears of sympathizing scamps, and hoping to receive substantial recognition from the administration. There was evidently much method in the madness of the black rascals.

SHARP's majority is 33,522, it has at last been ascertained, lacking just 28 of being double that of Gov. Buckner two years ago and about 5,000 more than Cleveland's last year. The nomination of Colson didn't prove such an "inspiration" after all. Jack Barnett's discretion was much better than the Bell county man's valor, which seems to have been of that nature which rushes in where angels fear to tread.

AFTER a protracted debate and some change in the wording of the resolution, the G. A. R. encampment passed one endorsing Looter Tanner and thanking the president for appointing him to rob the people in their behalf. A resolution demanding a service pension was also passed and the fellows who are out for the stuff having again saved the country departed for their homes.

THE Somerset Reporter continues to evince unnecessary concern about affairs in this county and the course of this paper relative thereto, but it had just as well rest its soul in peace. It accuses us of trying to "proscribe democrats who chose to vote against Dick Warren" and advises us to go slow. The accusation is as unfounded as its advice is unsolicited. We are not aware that any democrats speak of voted against Mr. Warren. We do and shall continue to kick, however, against the persons who voted against him attempting to exercise dominion over him and marking out his course of action in the legislature. They staked their all on Montgomery and having lost and at the same time failed in their effort to break up the democratic party in the county, it is not theirs to dictate to the victors or say what and what not their representative shall do. Mr. Warren will endeavor to represent the whole people to the best of his ability, but the minority cannot be permitted to issue its orders with the expectation of having him obey without demur.

THE Critic, Dan E. O'Sullivan's new paper, fulfills the high expectations concerning it and is as pretty typographically as it is bright and incisive editorially. We hope and believe it has come to stay and that a rich return of ducats will wait upon the energy and ability of its indefatigable editor. There is one paragraph in the first number that causes us alarm, however, that with reference to our friend, Judge Boyd. Remember, old fellow, we are under a \$500 bond to answer an indictment for libelling the judge, when the charges we printed were not so severe as the ones you make. First thing you know we shall be in the same boat, or rather the same cell, and while misery loves company, we should dislike to see the career of so young and so useful a man cut suddenly short. Therefore beware.

In speaking on support of a resolution favoring an amendment to the pension law by which soldiers' widows should continue to receive pensions in the event of their re-marriage, Tanner raised a howl of indignation by stating: "I want to say that to fail to adopt some such a rule is to place a premium upon immorality. There is not a week that there are not a great many cases that come to my knowledge where women have made lambkins of their virtue to retain a pension." This slander on the American women was rebuked both by hisses and the tabling of the resolution by a large vote. The commissioner of pensions is an ass, who never fails to exhibit his true inwardness when he can get the chance.

JUDGE COOPER was particularly severe on pistol-toters in his charge to the grand jury at Owingsville and asserted that the man who habitually carried a concealed deadly weapon branded himself a coward. It is indeed a cowardly practice, but one almost universally indulged in by Kentuckians. In nearly all gatherings every other man is loaded down with a pistol and most every one of these law violators are ready to use them and become more criminal if they can get the drop. The man or boy who makes a practice of carrying concealed weapons is an object of contempt and ought to be so regarded by every decent man.

COL. HAVENS is so obtuse that he credits to us sentiments that we endeavored to show were French Tipton's, relative to the executive committee of the K. P. A. Too much has already been said about a very small matter and we shall not be drawn further into the controversy. The committee is good enough for us in every way and since Son-in-law Shepard so bitterly maligned the South in his speech before the Detroit Convention, we are glad no Kentuckians were present. There might have been a tragedy had there been.

THE public debt statements issued at the end of each month show a decrease no longer, as they did under democratic rule. The August statement shows an increase of a million and a half and a reduction of the surplus from \$77,000,000 to \$40,000,000. It will not take long at this rate to put the balance on the other side of the ledger. The rascals are daily adding to the necessity of turning them out and the people will do it in 1892 for good and all.

THE Falmouth Democrat has reached its fourth year, and its editor, Mr. J. W. Peck, reports that its growth has been steady and healthful. It is soundly democratic and worthy the patronage of its people. Mr. Peck has many relatives in this county, who will be glad to know of his prosperity.

It is passing strange that the young fellow from Paducah should forge the name of the great prohibition apostle, Judge Fontaine T. Fox, to a check to obtain the wherewithal to buy liquor. That name of all others should have protected it against being used for so vile a purpose.

It is now said that the affirmative vote on the constitutional question will show a majority of all of the voters of the State and leave no base of operations for those who hoped to defeat the measure by an appeal to the courts.

An election for a Congressman to fill a vacancy occasioned by death occurs in the 3d Louisiana district to-day. The democrats claim they will elect their man by 8,000.

INFORMATION wanted of the whereabouts of Miss Betsy Ann Stanley, who went to Dennis, Texas, five years ago; was with Isaac J. Campbell when last heard from. Those knowing anything of her will please address her mother, Mrs. Bashie Stanley, McKinney, Ky.

THE Advocate says that Dr. W. L. Stillwell, an impostor, who was doing the horsemen as a veterinary surgeon, skipped, just as he was about to be nabbed for bigamy on a requisition from Michigan. He brought a young wife with him to Danville, but a former one with six children put in her claim by letter and it was upon this claim that the officers had worked up the case.

GEN. ALGER was elected Commander-in-Chief of the G. A. R., at Milwaukee, over several aspirants equally as worthy, but who did not have as much boodle.

He thinks the soldier vote is the balance of power and on it he hopes to be nominated and elected president in 1892. Grover Cleveland or some other good democrat will play smash with this calculation though, or all signs go for naught.

SAID a local politician, who has waited and waited in vain for Harrison to do something for him, "This is a d—n cold year for a republican who does not belong to the Presbyterian Church and is not able to wear kid gloves." Complaints are coming up thick and heavy against Harrison for not turning the rascals out and they are not confined only to Kentucky. Meanwhile Harrison is enjoying himself at Deer Park.

GREAT excitement was created here Saturday by W. H. Higgins' horse dashing up Lancaster street and plunging on the walk at the postoffice, breaking in the cellar door and scaring all the loose horses in town. Five other teams started and things were pretty lively for a while, but there was no damage done save some injuries to the colored driver, Alex Walker, the Higgins horse and the wagon, the latter being badly wrecked. The runaway was commenced by the wagon overturning in being turned around behind Tom Metcalf's store.

THE Pineville Messenger says C. M. Norris, of Paint Lick, who gained two pounds in weight every day he was at Clear Creek Springs near here, "caught a bass which weighed 4½ pounds, and when it was cut open two young birds with feathers on them were found inside of it, and they were not Jonah birds either. Whether this fish climbed a tree and caught the birds or whether they had been bathing in the creek and were caught, Mr. Norris could not say. But the birds were there. Mr. Norris also killed a 16½ pound wild turkey crossing the road 80 yards in advance of him. The turkey had two long tail feathers in length like a peacock's. The bird was killed with a Winchester." These stories may do to tell to the marines, but Mr. Norris will not be able to get Sam Miller, Tom Wherritt, Judge Walker or any of the other fishermen and hunters of Garrard to swallow it.

Use our patent wire and slat fence for fencing stacks. Sine & Menefee.

Go to Higgins & McKinney's for Oliver plows, the best in the market.

Just received 30 library and hall lamps which will be sold at prices ranging from \$3.50 to \$10. T. Metcalf.

In his little outing last week our B. M. added about 50 new subscribers to our list, which continues to grow and increase.

A \$10,000 TRADE.—Mr. Henry Traylor has sold to the Edgewood Distillery 500 barrels of whisky, to be delivered by March 1st.

I HAVE 200,000 brick now ready for sale, or will take contracts to build houses, chimneys, cisterns, &c. W. F. Ramsey, Stanford.

CAPT. RICHARDS' term as postmaster does not expire until February 10, 1890. The Courier-Journal's Washington dispatch fixes it at January 25.

O. J. NEWLAND is a regularly qualified deputy sheriff now, and law-breakers had better beware. Brother is never so happy as when "pulling" a rascal for wrong-doing.

THE Signal Service office at Louisville reports that but 23 of an inch of rain fell in August, and that the fall so far this year is 12 inches short. The month was the coolest for years.

THE farm of John Pennington was sold by the commissioner yesterday to A. F. Moberly, of Madison, at \$53.75. It contains 62 acres and lies on the Knob Lick pike 1½ miles from town.

TO MY PATRONS.—I need money to purchase my full stock and ask as an especial favor that those owing me will please come forward and settle at once. Please attend to this at once. Mrs. Kate Dudderar.

WHILE complaint has come up from several sections of the State of a lack of rain, this locality has enjoyed seasonable showers. Yesterday several fell and added to the prospect of the finest corn crop for years.

JUDGE J. H. TINSLEY passed down the road yesterday. He says it was all a mistake about his running from Mt. Pleasant on account of the local war. He stayed there till his court was finished. We thought he was not the kind of a man to run from his duty.

BRIGHT FERRILL is making speeches for the railroad tax in Wayne county, we see from printed dodgers received from there. Bright is a versatile genius and is as much at home on the raging stump as sitting astride a whisky barrel guarding it for the government.

I HAVE turned my office over to my successors, Drs. Morgan and Penny, and must have a settlement of my accounts before I leave the State. Those indebted to me will therefore please settle this week or I shall have to place their accounts in the hands of a collecting officer. Lee F. Huffman.

JOHN H. CRAIG & SON, with Wamaker & Brown, Philadelphia, and Browning, King & Co., New York, offer to the trade 2,000 foreign and American fabrics at popular prices for men's suits, trousers and overcoats made to order. Metropolitan styles and satisfaction guaranteed.

THE wills of Mrs. Lucinda VanArsdale and W. B. Braxdale were admitted to probate in the county court yesterday and Dr. Hawkins Brown, who was named as executor in each, qualified as such. The doctor is such a popular man that his people not only trust their lives to him but their estates as well.

TWENTY-FOUR lone and lonesome prohibitionists held a pow-wow in one of the grand jury rooms with closed doors, yesterday, and their deliberations were not made public. One old gentleman said the object of it was to devise ways and means for the religious and moral good of the county, which is certainly a very worthy object.

LINCOLN county now has a lady school commissioner. Miss Kate Bogle qualified yesterday with Dr. John A. Bogle, J. W. Alcorn and Dr. Ed Alcorn as securities on a bond of \$25,000. It was quite amusing to hear Miss Kate swear that she had not fought a duel or sent a challenge in the last 12 months, but such was the form of the oath.

FAITHFUL TO THE END.—Uncle Jack Bosley tells us that six old gentlemen, whose ages run from 80 to 87, voted for Hon. R. C. Warren in the Stanford precinct—Wesley Rout, Barney VanArsdale, G. W. Tribble, J. R. Warren, Greenberry Bright and J. L. Dawson. There are no votes that he received more appreciated by Mr. Warren than these and justly so. Most of them are life-long democrats, who never scratched a ticket or failed to support a nominee. May they each live to round out a century and then leave the elixir of their democracy to be injected into the rising generation. Since writing the above we are told that Zachariah Hughes, aged 85, and Peterson Gibbs, 93, voted at the Turnersville precinct for Mr. Warren and helped swell his majority there to 167. They voted for Andrew Jackson and have been standing with the democracy ever since and hope to vote for the democratic winner of the presidency in 1892.
